### Profine® Vending SILVER

Profine® Vending SILVER Water filter cartridge gives you:

- a bacteriostatic action
- a microfiltration of 0,5 micron
- removes chlorine, chlorine-compounds and THM
- a removal of disagreeable odour and taste
- an extended capacity guarantee

All these features make PROFINE® Vending SILVER ideal for use in cold beverage fountain dispensers and drinking water coolers.

**IDEAL FOR COLD BEVERAGES.** Thanks to carbon block technology enriched with silver ions, PROFINE® Vending SILVER has a bacteriostatic action, reduces chlorine, bad odours and off-tastes and gives you good taste in beverages

**STEM DESIGN.** Thanks to the compact stem design, it is possible to connect the water circuit directly to the filter cartridge. Without the cartridge head the installation volume is reduced as 30% and any service action becomes easier.

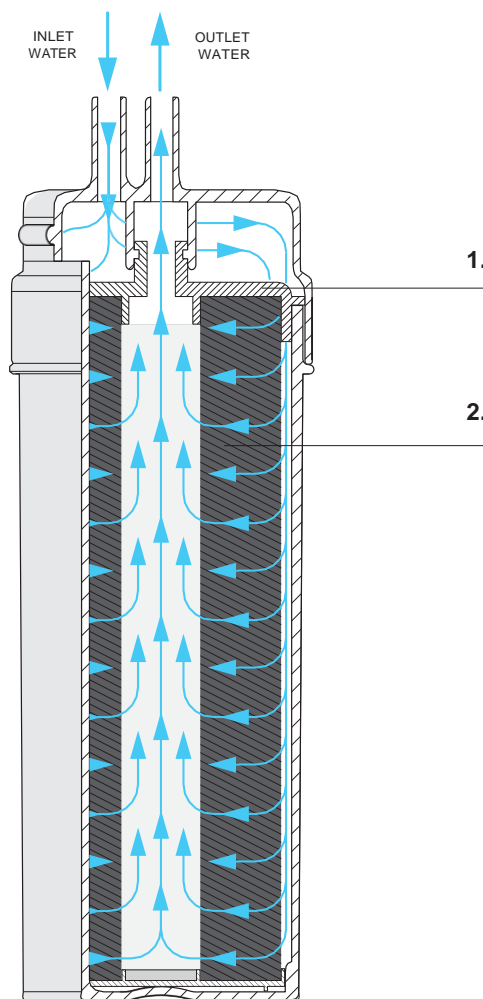

**USE.** PROFINE® Vending SILVER takes part in a group of Profine® Vending products tested and designed to meet every demand in restaurant, catering and vending sectors. The cartridge must be used only with cold drinking water.

### TECHNICAL SPECIFICATIONS

**Working pressure** Min. 2 - Max 6 bar (0.2 - 0.6 Mpa)

**Temperature** Min. 4 - Max 30° C (39 - 86 °F)

	MINI	SMALL	MEDIUM	LARGE
<b>Functional Flow rate</b>	2,2l /m	3 l/m	5 l/m	7 l/m
<b>Capacity</b>	7.000 l	10.000 l	15.500 l	22.000 l

#### TOP TECHNOLOGY IN 2 STAGES:

1. Laminated upper distributor: to optimize the inlet flow
2. Carbon block enriched with silver ions and 0.5 micron microfiltration

#### INSTALLATION:

- The cartridge can be installed in vertical or horizontal position
- Installation is provided in compliance with local regulations in law
- Use only IN OUT FEMALE CONNECTION 3/8"

**REPLACEMENT:** change cartridge after 12 months or when capacity is reached.

**DISPOSE THE EXHAUSTED CARTRIDGE IN COMPLIANCE WITH DECISION 2000/532/EC** (code 15 02 03 EWC).

**PACKAGING:** cardboard box 6 pieces
